

Integrated Services for Medical Devices

WuXi AppTec's medical device testing programs are keyed to the goal of ensuring the success of regulatory submission and the continued quality and consistency required for commercialization. In addition to services that assure a medical device is manufactured, packaged, and sterilized in accordance with GMP guidelines, WuXi AppTec offers the entire range of relevant test modalities used to study the biological safety and biocompatibility of medical devices.

WuXi AppTec's single-source platform also provides GMP/GTP manufacturing services/aseptic processing for specialty device, combination and tissue-based products in environmentally controlled laboratories – from pilot projects to commercial-scale production.

WuXi AppTec is a global leader in providing discovery, testing and manufacturing services for the pharmaceutical, biotechnology and medical device industries. Research-driven and customer-focused, with operations in China and the U.S., WuXi AppTec offers a broad and integrated portfolio of services designed to assist our customers with cost-effective and efficient outsourcing solutions.
